Botanical Beauty

100 per cent Australian-owned skincare company, Pelactiv has developed a skincare range based on a combination of natural Australian botanicals and lactic acid to hydrate the skin.

Non-comedogenic, non-allergenic, fragrance-free and not tested on animals, the Pelactiv range includes Collagen Gel Mask, which leaves skin plump and soft; Hand Cream, which repairs and protects hands; Cell Renewal Complex, which repairs, regenerates and strengthens skin; Intensive Vitamin C Eyes, which strengthens and smoothes the delicate eye area; and Precious Oils, which is ideal for those with skin conditions such as eczema, psoriasis and scarring.
